

Remembering Those Who Fought

Remembrance Day and an end to War

"The Highway of Heroes has become a symbol of Canadian patriotism and will be an everlasting demonstration of our nation's gratitude for the brave fallen men and women in uniform who made the solemn journey from Trenton to Toronto."

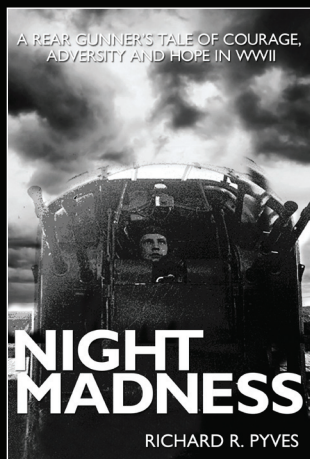

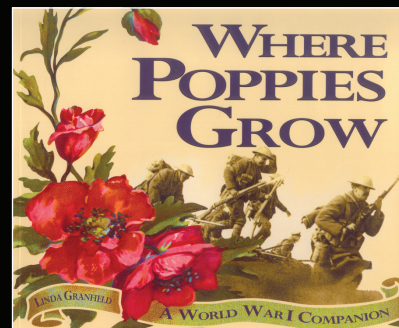

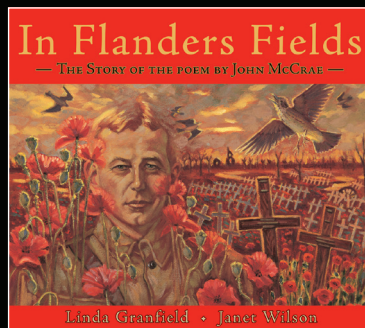

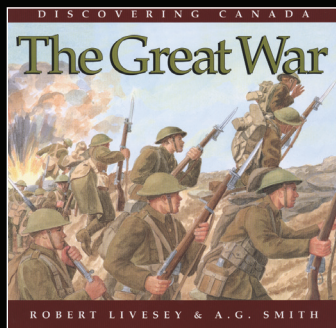

—General W.J. Natynczyk, CMM, MSC, CD
Chief of the Defense Staff
from the foreword

"This book is my way of standing alongside those on bridges over the Highway. It's my way of saying thank you to soldiers, journalists, and others for doing what they can to make a positive difference in the world. It's my way of paying my respects to families who have lost and will lose loved ones—wherever and whenever they may serve."

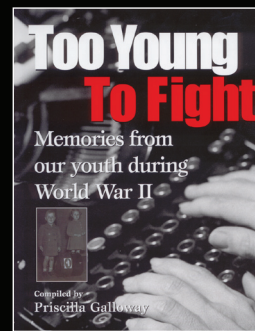

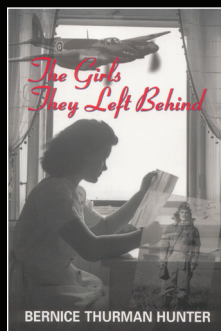

—Kathy Stinson, author of *Highway of Heroes*
from the author's note

The First World War began in 1914 and ended on November 11, 1918. It was called the Great War and 'the war to end all wars,' until the outbreak of the Second World War, just 21 years later.

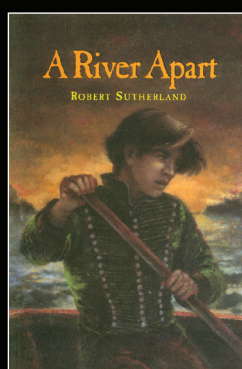

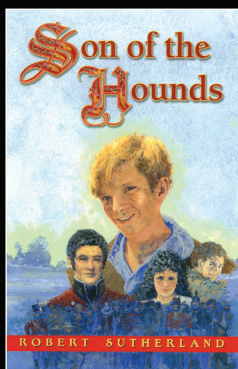

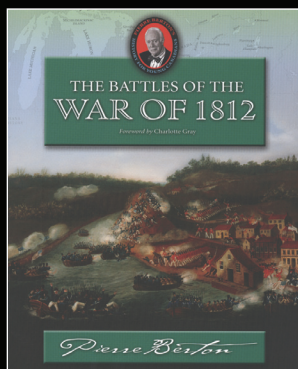

Night Madness is the true story of Ron Pyves, a tail-gunner who fought over the skies of Europe in the last deadly months of WWII. Surviving the war, Ron faced a new battle at home - fighting Post Traumatic Stress Disorder brought on by the memories of battle, and his participation in the devastating bombing of Dresden. Based on interviews, research, and letters from a long-distance love affair. Coming January 2012.

The War of 1812

The 200th anniversary of the onset of the War of 1812 will be on June 18, 2012. In a war that lasted just under three years, there was a significant shift in the power and influence of the British in North America. Seen as a war with no clear winner, the war was finally resolved on December 14, 1814 with the Treaty of Ghent, although fighting continued on for many months due to lack of communication on the front lines.

We live in a world that is still very much at war. The following books are looks at other conflicts that have happened around the world, from the "forgotten" conflict in Korea, to more modern conflicts such as the war in Sudan and the aftermath of the September 11th attacks.
